

Zeo!

Digital Color Label Printer

Hello :-) Do you have great ideas for custom product labels that your customers will love? Wouldn't it be great to be able to have your labels right away, in the exact quantity you need, whether it's one label or 100 labels, without having to buy hundreds or thousands of printed labels? The good news is that you can, with the Zeo! label printer. You can print your own custom labels in just minutes – right out-of-the-box – and you can print as many or as few as you need, on any label shape. The Zeo! is easy to use, backed with 24/7 Customer Support and a Lifetime Warranty, and it's the fastest "low volume" label printer on the market!

Little label printer, big ideas.™ The Zeo! label printer is an investment for your business because it allow you to increase the value of your products by using your ideas to design and instantly print personalized, seasonal, and logo labels for your customers. And, the Zeo! attracts curiosity and draws attention to your custom labeling program when it is displayed on a retail counter.

Color: it's Zeo-licious. Zeo! inks print saturated, fade-resistant colors that make your product labels look great. Not only will you print labels with photos and illustrations that match the colors you targeted in your software, but their vivid appearance will delight your customers.

Quality and Speed: No Compromises. Zeo! print modes let you print surprisingly high-quality images even in the "Everyday" print mode. While some label printers force you to use the highest (and slowest!) quality setting just to print good-looking labels, the Zeo! allows you to print beautiful, photographic labels even in faster print modes.

Print Small Quantities, Pay for Small Quantities. The Zeo!'s print-on demand mode makes it easy to print just one single label for a personalized gift, or 100 labels for an order of private label products. With a Zeo! in your office, you are ready to handle any new order, no matter how short the notice.

30-Day Trial Offer!

You really can start printing labels out-of-the box, and we'd like to prove it to you. Order a Zeo! now and use it for 30 days. See how easy it is to start printing your own labels by just connecting the Zeo! to your computer, loading it with inks and labels, opening your label artwork (or using Custom QuickLabel® Photo software to create artwork), and clicking Print! If for any reason you decide to return the printer to us, we will gladly take it back. You will simply pay for the cost of shipping and any labels you might have purchased.

Label and Ink Supplies

QuickLabel makes everything you need to print labels. We sell Zeo! color ink and Zeo! black ink cartridges formulated to resist fading and dry quickly. And we offer paper and synthetic labels and tags uniquely receptive to Zeo! inks, available in hundreds of die-cut shapes and finished in rolls or in Z-Fold packs. After you purchase your printer, speak with your personal Media Product Specialist and describe your needs (type of product, size, end use environment). Your Media Product Specialist will suggest options and take your order.

Printer Accessories

QuickLabel's accessory devices help you apply labels to your products or store your labels for later use. Our Z-winder Label Rewinder takes printed labels as they exit the Zeo! and winds them onto a roll, ready to be used on a label dispenser or automatic applicator. Our QuickDispense label dispenser speeds up the process of hand-applying labels by presenting each label to you with the liner removed.

**Lifetime Warranty
&
QuickSwap™**

You can be sure of this: QuickLabel Systems will always stand behind the quality and performance of the Zeo! label printer. When you buy a Zeo!, you get our guarantee that we will repair or replace your printer over its lifetime. Your phone call or e-mail to us will be promptly answered by one of the factory-trained technicians in our Technical Support and customer service department, which is legendary in the label printing industry. If we are not able to help you troubleshoot over the phone, we will ship you a QuickSwap™ repair part or replacement Zeo! right away.
